POLICY ON CONFIDENTIALITY

REM Diagnostics, Inc. will maintain all patient information and records in a manner to guarantee the confidentiality of all information.

Information will be stored in a computer utilizing access codes to guarantee that only authorized employees will have access.

Patient records will be stored in file cabinets under lock and key.

Information obtained will be for the sole purpose of performing sleep studies and obtaining authorized reimbursement.

The medical record will be sent to one of the pulmonary specialists authorized to review and provide a medical interpretation of the study. The pulmonary specialist will maintain the confidentiality of this information. The medical interpretation of sleep studies is through a secure web site with password protection and encryption. Current pulmonary physicians providing interpretation include: Mark Soll, M.D., Thomas Vendegna, M.D., Laura Lubarsky, M.D., Michael Ryan, M.D., Mudit Dabral, M.D., and Barry Feldman, M.D.

The patient may authorize the distribution of this information to another physician, clinic, or hospital. In such an event, the patient will give written authorization to such effect. This authorization will be retained in the patient's medical record. All patient medical records will be stored for 10 years.

In the event that patient records have exceeded 10 years or computer hardware is updated, all information stored will be destroyed in a manner to guarantee that it is not retrievable.
